## SOFTWARE ENGINEER | TOP RATED | MICROSOFT CERTIFIED

OFFICE 365 | SHAREPOINT | POWER APPS | POWER AUTOMATE | SPFX | .NET | PHP

[akbarali2873@gmail.com](mailto:akbarali2873@gmail.com) | [+923201205701](tel:+923201205701) | [linkedin.com/in/akbar-ali-06a54b1a](https://www.linkedin.com/in/akbar-ali-06a54b1a)

### PROFILE

With **13+** years of hands-on experience, I specialize in crafting innovative solutions within the Microsoft ecosystem, focusing on **SharePoint**, **Power Automate**, and **Power Apps**. Skilled in both on-premises and online SharePoint environments, including modern development with **SPFx**.

Proficient in automating workflows and developing custom applications using Power Automate and Power Apps.

Good command of web programming languages like **C#**, **ASP.NET**, **JavaScript**, **jQuery**, **HTML**, **CSS** etc., enabling creation of robust web applications.

Beyond technical skills, I provide comprehensive support, ensuring seamless operations and user satisfaction, reflecting my dedication to excellence and innovation in Microsoft technologies-based solutions and web development.

# PROJECTS

## **DOHA PETROLEUM EDMS – QATAR**

---

**Tools & Technology**

SharePoint Online, pnpJS, jQuery, Power Automate

**Worked as**

Technology Consultant

**Project Summary**

Electronic Document Management System on SharePoint Online for incoming and outgoing transmittals and correspondences. Cloud automated flows were developed using Power automate to create tasks for Project managers and document reviewers.

## **MINISTRY OF FINANCE PORTAL – OMAN**

---

**Tools & Technology**

.NET Framework 4.7, C#, jQuery, SharePoint 2019

**Worked as**

Senior Developer

**Project Summary**

Web Portal where visitors can get updates and news. The main features of this portal were department templates using site definition adding webparts programmatically on pages in multilingual sites, events, galleries, opinion poll and news modules.

## **ALRAFFD – OMAN**

---

**Tools & Technology**

.NET Framework 4.6, C#, WCF

**Worked as**

Senior Developer

**Project Summary**

WCF Project for AlRaffd to integrate the Portal with CRM. It is used to read data from CRM and to add or update existing data in the CRM.

## **CONDUIT - USA**

---

**Tools & Technology**

ASP.NET 4.0, SQL Server 2008, VS 2010, JQuery, JSON, C#

**Worked as**

Senior Developer

**Project Summary**

Digital Asset Management Project, conversion of this project from Java to .NET. Template designer was one of the most important module which I developed using JQuery mostly for client side. It was an editor to create templates by dragging and dropping the image and text controls.

## **MS READATHON – AUSTRALIA**

---

**Tools & Technology**

DotNetNuke, ASP.NET, SQL Server 2008, JQuery

**Worked as**

Developer

**Project Summary**

A web project for fund raising by reading and getting donations at the same time. Worked on different modules like the registration and login modules, the payment gateway integration and the module where users keep track of their books they read and the donations they have raised.
